Dr. Joshua Lederberg
College of Physicians and Surgeons
Columbia University
New York, New York

Dear Dr. Lederberg:

I am expecting to be in New York on Thursday,
December 5th, and would like very much to visit you
Thursday afternoon if it will be convenient to you.

From your recent publications I am not sure
that you are located in New York but I am hoping
that you are there part of the time and that you
will be there on December 5th.

Very truly yours,

Harold F. Morris
Sr. Nutrition Chemist
National Cancer Institute
